Ease of Use	<b>Customizable Display</b>	Clear, intuitive interface that leverages the best of modern web design and lets you customize your interface with the most frequently used content on home page for easy access.	Other services have interfaces that are outdated and out of step with expectations of new users. Nothing compares to the customized experience on WestlawNext Canada.
	<b>Visual Indicators</b>	Visual indicators help you keep track of work you have already done.	No other service has anything comparable to WestlawNext Canada's visual indicators.
Comprehensive Legal Content	<b>Primary Law, Analytical Materials, Legislation Materials</b>	Unparalleled breadth and depth of primary law, analytical materials, and finding tools.  Our content contains Carswell and Canada Law Book collections, including authoritative case reports, key tribunal materials, and market-leading treatises and annotations.	No other service can match our scope and historical depth of coverage.
Canada's Most Advanced Legal Search Engine	<b>Search</b>	Single search box on home page lets you choose how you want to search: plain language, Boolean, find a particular document, note up a particular document, and simultaneously search across all content types.	Other services are limited to searching by database or content type, and you are required to choose separate boxes for Boolean terms, plain language, or to find a particular document.
	<b>Sort and Filter Results</b>	Lets you search broadly across all content and then sort by content type such as cases, statutes, and more. You can also narrow your list results by any applicable field: jurisdiction, topic, judge, law firm, and more.	No other service has this level of filtering capability.

These links are powered by our market-leading finding tools: <ul style="list-style-type: none"> <li>• Canadian Encyclopedic Digest</li> <li>• Canadian Abridgment classification and case digests</li> <li>• KeyCite Canada (case, statute, regulation and rule citator)</li> <li>• Words and Phrases</li> <li>• Index to Canadian Legal Literature</li> </ul>	Other services have tried to create equivalent services but are lacking in terms of historical depth, scope of content, and integration with other content.  As a result, these services have far fewer links on primary law documents to related information, making for inefficient research.
Analyze and Organize More Efficiently	<b>Project Folders</b>	Allow you to drag-and-drop key documents and text snippets into folders organized by issue, client, or topic, which puts all vital information in one place for more convenient access later.	No other service offers integrated foldering for their legal research.
