

# Noting up Quebec Statutes on WestlawNext Canada

To note up Quebec statutes *other than the Civil Code*, it is necessary to first open the French version of the section you wish to note up. Once you have accessed the French version, the number of citing references available for the section will display in the citing references tab.

The screenshot shows the WestlawNext Canada interface. At the top, there is a search bar with the text "Enter search terms, citations, databases, anything ..." and a "SEARCH" button. Below the search bar, the document title "Loi sur les compagnies" is displayed, along with the citation "RLRQ, c. C-38, s. 83" and "Quebec (Approx. 2 pages)". A navigation bar contains several tabs: "Document", "Citing References (4)", "Annotations (0)", and "Legal Memos (0)". The "Citing References (4)" tab is highlighted with a blue border and a dropdown arrow. The interface is powered by KeyCite Canada.
