WHAT'S NEW

Announcement

In light of the retirement of the Westlaw Classic product in the US, WestlawNext was re-named [Thomson Reuters Westlaw](#). Customers with subscriptions to US International contents noticed a name change on the US product interface in February 2016. In Canada, the WestlawNext Canada name will not change. WestlawNext Canada is new to the Canadian market and therefore we will maintain the name to help build brand awareness.

Browse All

Researchers now have the option to review legislation (the entire Act or by Part) in a single document, instead of opening or delivering each section or clause individually. To use this feature, click on the Browse All icon - a small grey rectangle with an arrow pointing to the left - placed next to the name of the legislation, at the top of any legislation document.

The screenshot displays the WestlawNext Canada interface. At the top, there is a search bar with the text "Q - Enter search terms, citations, databases, anything" and a "SEARCH" button. Below the search bar, the page title is "Builders Lien Act" with the citation "S.B.C. 1997, c. 45, s. 10" and "British Columbia (Approx. 2 pages)". The interface includes a navigation bar with "Document", "Citing References (41)", "Annotations (0)", and "Legal Memos (0)". A "Browse All" icon, a small grey rectangle with a left-pointing arrow, is highlighted with a yellow arrow and a white callout box. Below the navigation bar, the "B.C. Statutes" and "Builders Lien Act" are listed. The "Most Recently Cited" section shows a case: "Anderson Creek Site Developing Ltd. v. Brovender, 2015 BCSC 2092, 2015 CarswellBC 3314, [2016] B.C.W.L.D. 1071, [2016] B.C.W.L.D. 1175 | (B.C. S.C., Nov 13, 2015)". The main content area displays the text "S.B.C. 1997, c. 45, s. 10" and "s 10. Contract money received constitutes trust fund".

KeyCite flags appear above each section where applicable; users can click on those flags to access the citing references.

Foldering Enhancements

Sharing your research has never been easier. Starting April 2016, the following enhancements will be available to WestlawNext Canada users.

Improved Folder Sharing

The new folder-sharing enhancement will allow researchers to share foldered materials to fellow WestlawNext Canada users outside of their organization. Using the Share button in the Folders tab from your Research Organizer, you can input the e-mail address of another WestlawNext Canada user outside of your organization to invite him/her to view your foldered research materials. Users will be prompted via e-mail to log into their WestlawNext Canada account to accept the folder sharing invitation, and you will need to confirm the folder share. Outside contacts will be saved to your account for future ease of use.

Note Sharing

With this new feature, users will be able to share notes and annotations with their contacts. Whether highlighting a passage of text or just adding an annotation to document, you will now have the option of sharing your research notes with fellow WestlawNext Canada users. Sharing a note will generate a dropdown menu with a list of your contacts. Simply click the contacts you wish to share the note with, and they can see your research notes from their WestlawNext account.

Find Drop Down Template

The new Find dropdown template will allow users to access the Find by Name feature from any page on WestlawNext Canada. The new template brings the information one step closer to the user. Click the icon at the right side of the federated search box to drop down or roll up the template. It will have the same functionality of the current “Find and KeyCite by Name” tab, with the following sections:

- Find and KeyCite a Case by Name
- Find and KeyCite a Statute or Regulation by Name
- Find and KeyCite a Rule by Name
- Find by Citation

There will also be a checkbox option to have the template open automatically the next time you log into WestlawNext Canada.

The screenshot displays the WestlawNext Canada search interface. At the top, there is a search bar with the placeholder text "Q- Enter search terms, citations, databases, anything ...". To the right of the search bar are buttons for "Find", "SEARCH", and "ADVANCED". Below the search bar, a dropdown menu is open, showing four search options:

- Find a Case by Name**: Includes fields for "Name" and "Jurisdiction" (set to "All").
- Find a Statute or Regulation by Name**: Includes fields for "Name", "Section", and "Jurisdiction" (set to "All").
- Find a Rule by Name**: Includes fields for "Name", "Section/Rule", and "Jurisdiction" (set to "All").
- Find by Citation**: Includes a "Citation" field.

At the bottom right of the dropdown menu, there is a "Clear" button and a checkbox labeled "Open at log in". Below the dropdown menu, the main content area is visible, showing "Court Documents" (Pleadings, Motions and Facts/Briefs; Insolvency Court Filings) and "Finding Tools (not in federated search)" (Canadian Abridgment Digests; Words & Phrases; Index to Canadian Legal Literature (ICLL); Legislative Concordances; Quantum Services; Legal Directories; Forms and Precedents; Indices; Canadian Guide to Uniform Legal Citation (McGill Guide); Progress of Bills). At the bottom left, there is a link to "Edit home page".
